Gliding Free Club CRUISER

November 2026

GREETINGS GLIDERS!

Although the days are getting shorter as we move into November, there is still so much to look forward to. The beautiful fall colors make the landscape look like a postcard, and the upcoming holidays bring opportunities for family, friends, and special memories. November is National Gratitude Month, making it the perfect time to slow down and reflect on all we have to be thankful for.

Enjoy the changing seasons, and I hope to see many of you at our upcoming Christmas parties!

NOVEMBER FUN FACTS

NOVEMBER'S BIRTHSTONES Radiant Topaz (amber color)

NOVEMBER'S BIRTH FLOWER Chrysanthemum

ASTROLOGY ZODIAC SIGNS OF NOVEMBER Scorpio and Sagittarius

SCORPIO October 23 - November 22

SAGITTARIUS November 23 - December 21

- November's full moon is traditionally called the Beaver Moon. This was based on the month that beaver traps were set before winter in the Colonial era.
- November's name has remained unchanged since the ancient Roman calendar, which was in use until 45 BC. This Roman calendar was only made up of ten months, with November being the 9th month. It translates appropriately into "ninth month" in Latin. When the Julian calendar was adopted in 45 BC, 2 new months were added, which pushed November back to the 11th month. Despite its change in position, November was never renamed.

STARVED ROCK STATE PARK

The Gliding Free Club recently enjoyed the natural beauty of Starved Rock State Park, located along the south banks of the Illinois River. Known for its scenic canyons and unique rock formations, the park provided a stunning backdrop for our adventure. There was a country western show at the lodge located within the park.

"Starved Rock is really a hidden gem," said Kerry! "It was so interesting to hear the rich history of the area while taking in the scenery. And the time with our group in the rustic lodge really topped off the trip. On our way home, we stopped in Lake Geneva for a boat cruise learning the history of the properties on the lake."
