Carefull | HORICON BANK The Natural Choice

Award-Winning Financial Protection from Carefull

The best defense against scams and fraud for your identity, credit, and finances.

Investment News · The New York Times · BARRON'S · CNBC · Forbes · AARP

We all get suspicious emails and fake texts asking for personal information and money or know someone with a parent that has fallen victim to a financial scam.

With digital thieves and scammers becoming more sophisticated, you and your loved ones need powerful tools to safeguard your money. As a valued customer, Horicon Bank is pleased to provide you with Carefull, the industry-leading financial safety service.

Carefull's AI-powered protections keep you safe from threats like fake charities, dark web data leaks, credit fraud, hidden overcharges, home title scams, and even theft by someone you may have trusted. It keeps your passwords and documents safe. Carefull even extends beyond your Horicon Bank accounts to any outside accounts and cards you wish to protect — including for a loved one who may need a second set of eyes on things.

If issues do arise, you'll also now have up to $1 million of Identity Theft Insurance, and Carefull's award-winning white-glove care team on your side. All because you're with Horicon Bank.

As a bonus: your membership also allows you to give Carefull protections to another person, even if they are not yet a Horicon Bank customer. For those with aging parents, Carefull looks for the latest senior scams that target those over 60, and even the simple money mistakes that sometimes happen with age. Turn on Trusted Contact alerts to help keep you in the loop while keeping them safe and independent.

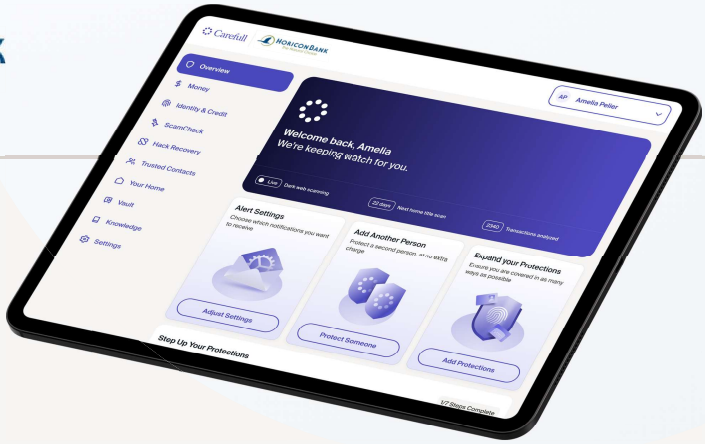

Let Carefull stay ahead of the latest scams so you don't have to.

Carefull | HORICON BANK The Natural Choice

Covers you and a loved one

Each Carefull membership comes with a no-cost second membership for a loved one. You can send an invite or sign up on behalf of a spouse, partner, parent, adult child, or friend.

Access to live, US-based fraud and scam experts

We're here to provide support and answer any questions you might have to keep your money and identity safe.

24/7 protection for your bank, credit card, and investment accounts.

AI-powered defense and alerting for an unlimited number of Horicon Bank and non-Horicon Bank accounts.

$1,000,000 Identity Theft Insurance

Reimbursement of up to $1 million with $0 deductible for expenses associated with identity theft recovery.

Home Title Monitoring

Quarterly home title scans
Alerts of any new activity to protect against fraudulent title changes and change-of-address fraud.

Credit Protection

24/7 monitoring and alerting for any event on your credit report, including any changes to your credit profile—such as new inquiries, accounts opened, address or employer changes and bankruptcy.

Identity Protection

Dark web monitoring scours hidden networks and chat rooms for your passwords and other personal data. We notify you immediately if your vital personal information is found.

ScamCheck

Our powerful new tool that instantly identifies potential scams. Simply upload suspicious texts, messages, emails, letters, or documents and get immediate analysis and guidance.

LegacyKit

Securely organizes your key documents and account details, keeping them private until needed. It updates financial info automatically, and is free for all Carefull members.

Carefull's US-based customer support is available via chat, email, and phone to help address any technical, fraud or scam related issues.

Call **833-836-0050** for Carefull support or more information.
