A screenshot of a desktop application interface showing a "Check Deposit" form. The form has a "Deposit To" dropdown menu, an "Amount" field with "\$0.00", and "Front Image" and "Back Image" fields with "Click to upload image" buttons. On the right, there is a "Summary" section with "Amount \$0.00" and "Account To --". At the bottom, there are "Cancel" and "Submit" buttons. A note at the bottom right reads: "Checks deposited Monday-Friday before 4:00pm will be credited to your account on the same day. All other deposits will be credited to your account on our next business day."

- Next, add the check image. On a mobile device click in the "Check Front", the camera will automatically open, and then take a picture. On a desktop click in the "Front Image" field and add the saved check image.
 - A message may appear on mobile devices to give permission to take a picture and record a video. Click "Allow".
 - Place the check in a well lit area and include all sides of the check in the viewer.
- Follow the same process above to submit the back of the check.
 - The check must be endorsed on the back to process successfully.
- When the deposit has been accepted, it will appear in the pending deposits list.

- All deposits completed before 4:00 PM CST will be available the next business day.
