12. User Admin

1. Displays the balance and transaction history of the highlighted account selected in the top ribbon.

2. Use to make a deposit by taking a picture of a check, and review completed mobile deposits.

3. Provides detailed search options of account history. Allows for printing and exporting.

4. View statements online.

5. Set up an internal transfer, Recurring and One-Time Options available.

6. Process an ACH or Wire Transfer.

7. Pay bills online by setting up payees and sending bills at regular intervals, or manually pay a bill at any time.

8. Displays all debit cards through Horicon Bank, and allows you to temporarily disable and enable the card.

9. Set up an internal loan transfer, Recurring and One-Time Options available. May be eligible for loan advance.

10. Send a secure message to our Customer Support team.

11. Place a stop payment on one check or a range of checks.

12. Allows a business administrator to create additional users, reset passwords, and adjust user's rights.
