

Secure Messaging

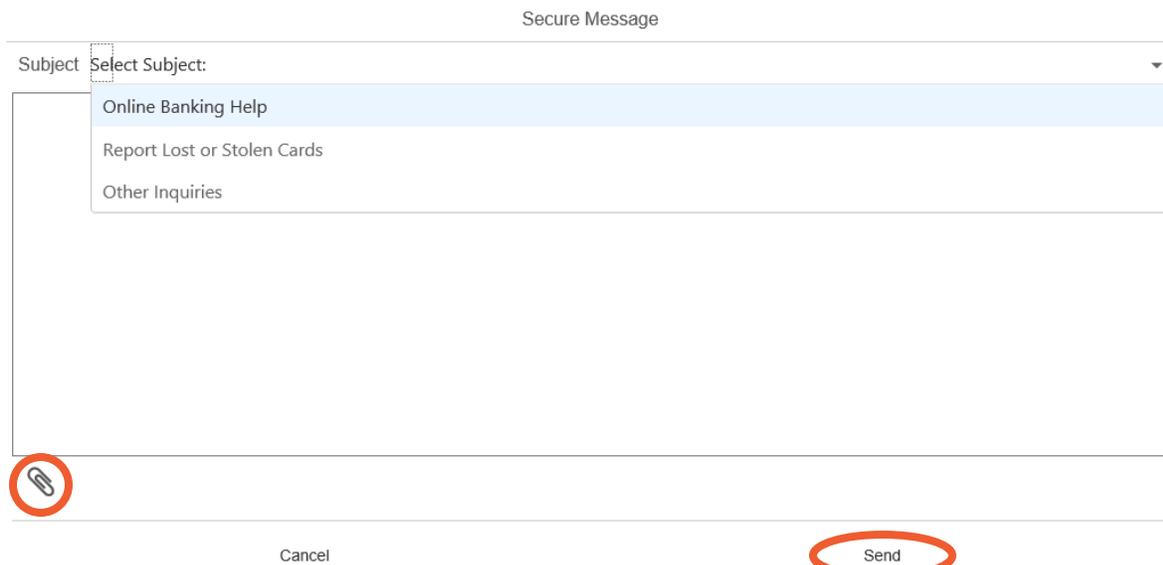

Send a secure message to the bank from internet banking.

1) Go to Secure Messaging

- Select the pencil to create a new message. To view previously sent messages, click on the "Sent" field.

- Choose a "Subject" from the drop down and type a message to the bank. Use the paperclip to add any attachments. Once the message is complete click "Send".

A screenshot of the "Secure Message" form. The title "Secure Message" is centered at the top. Below the title is a "Subject" dropdown menu with the text "Select Subject:". The dropdown is open, showing three options: "Online Banking Help" (highlighted in light blue), "Report Lost or Stolen Cards", and "Other Inquiries". Below the dropdown is a large text input area. At the bottom left of the form is a paperclip icon circled in red. At the bottom right of the form is a "Send" button circled in red. At the bottom center of the form is a "Cancel" button.
