Scanner	Model Supported
Digital Check*	CheXpress® CX30 TellerScan® TS240 TellerScan TS230

Recommendations for scanners

We recommend one of 2 different Digital Check scanners. We do not offer scanners for purchase or rent.

- Digital Check CheXpress CX-30
 - This is a low volume scanner that requires feeding checks one at a time (single feed). You may order the Inkjet rear endorsement feature, but it is NOT required for our system.
- Digital Check TS-240
 - This is a high-volume scanner that can accept about 50 checks in the hopper (multi-feed scanner). You may order the Inkjet rear endorsement feature, but it is NOT required for our system.

Where to Order Scanner

There are several options on where to order your scanners from.

If you would like to ask questions or receive an invoice for remote deposit scanner, contact:

Chris Muchard
